

# A painting signed by Carole Jury chosen as the official visual for the 7th edition of MuseumWeek 2020 | May, 11-17 2020

(USA - May 1, 2020) - **Carole Jury**, a French abstract painter based in USA for six years, has been selected with one of her painting from "Lagoon" Series by **MuseumWeek's** team 2020. The master of "Lagoon" Series (48"x72"), painted entirely with oil paint from her sponsor **Daler-Rowney** and knives, have had an amazing destiny.

The story started during the annual exhibition called "Together We Art" organized by **Life Project 4 Youth** (LP4Y) during last November where she was sold to benefit **LP4Y US** by the member of the board of this international organization who supported young adults victims of exclusion.

When the MuseumWeek solicited Carole Jury for associating "Togetherness" with this painting, the word "Together" already took on its full meaning" said the artist Carole Jury.

"More than ever, the objectives of MuseumWeek are important and necessary: offering culture and art to audiences worldwide, all over the world - to cultural institutions around the world - to extend objectives on digital platforms with Art and Culture." explained **Benjamin Benita**, founder of MuseumWeek.

Everyone is invited to participate with original content based on "7 days, 7 themes, 7 hashtags": #Togetherness #MuseumWeek #MuseumsForCulture #MuseumsFromHome #StayHome #ShareCulture. Each day will bring a new theme: #heroesMW, #CultureInQuarantineMW, #togetherMW, #MuseumMomentsMW, #climateMW, #technologyMW, #dreamsMW.

For supporting participants of this cultural worldwide program, Carole Jury will deliver, with the support of her sponsor **Daler-Rowney** and two of her galleries -**Alessandro Berni Gallery** and **Gallery des Artistes**- an original painting to the participant who will post the biggest number of Hashtags during the week!

## About Carole Jury

Born in Lyon (France), Carole Jury lives in New Jersey. She is an abstract painter who likes playing with textured strokes, nuances of color and brightness and to work with all kind of mediums and tools. The majority of her series is inspired by her photos, which give her a guide for sheen, brightness and reliefs.

## **About LP4Y**

LP4Y assists young adults living in extreme poverty (on less than US \$1.90 per day) who are victims of exclusion. These young adults, who have managed to survive life in the streets, often do so by developing some of the same skills as entrepreneurs. This is what became apparent to LP4Y's founders over the course of one year spent visiting major cities in 23 countries. In 2009, a group of friends, entrepreneurs and young people, in Europe and the USA, came together to create Life Project for Youth, an organization which is 100% dedicated to the integration of young excluded victims of extreme poverty. Since 2009, more than 300 international volunteers have received training in the LP4Y pedagogy and have taken up active and key roles in the field. As a result, over 2,500 young adults have been assisted in one of 42 programs launched in the Philippines, Vietnam, India, Indonesia, Myanmar and Nepal. TOGETHER WE CAN!
